

Attention All Sporting Clays Instructors,

Rocky Creek Sporting Clays appreciates all instructors that have taught at Rocky Creek in the past. You have been a big part of our success and growth. With this growth, we need to make a few changes. As most you have experienced in your professional careers, business models change. At Rocky Creek, we strive to provide a safe and fun shooting facility for shooters of all levels. While providing a safe and fun facility for our shooters, we need to protect Rocky Creek as well. We are now requiring all instructors to have at least a \$1,000,000 liability insurance policy as well as being approved by Rocky Creek before being allowed to teach at the club. Please provide a copy of your insurance policy to Rocky Creek at your earliest convenience.

Thanks!

Rocky Creek Sporting Clays
